FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Re: Ex Parte Presentation in
General Docket No. 90-314 and ET Docket No. 92-9

Dear Mr. Caton:

On Tuesday, September 14, L. Marie Guillory of the National Telephone Cooperative Association and Matthew L. Dosch of the Organization for the Protection and Advancement of Small Telephone Companies, representing the Rural Telephone Coalition, met with Byron Marchant of Commissioner Andrew Barrett's office (reported separately).

At that time Mr. Marchant requested information on the size (according to access lines) of the member companies of the two associations. That information has been given to Mr. Marchant, and a copy is hereby submitted to you for inclusion in the record of the above-captioned dockets.

In the event of any questions concerning this matter, please communicate with Ms. Guillory or Mr. Dosch.

Sincerely,

A handwritten signature in cursive script that reads "Lisa M. Zaina".

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Hand Delivery

Dear Mr. Marchant:

Thank you for taking the time yesterday to speak with Marie Guillory of the National Telephone Cooperative Association (NTCA) and myself.

During our discussion of possible definitions of "rural telephone companies," you asked if we could provide you with lists of our associations' member companies with under 10,000 access lines. We are happy to provide you with the attached lists of all of our associations' telephone company members, arranged by access lines in ascending order. (Please note that this information was provided to the associations by the companies themselves on a voluntary basis. Also, the NTCA list reflects the companies' number of subscribers, while the OPASTCO list reflects access lines.)

As we discussed yesterday, any definition of "rural telephone company" should follow the model on the attached sheet, to properly include truly rural, sparsely populated areas.

Again, it was a pleasure meeting you. If I or any Rural Telephone Coalition representative can provide further assistance, please do not hesitate to call. I am filing a copy of this letter, with attachments, with the Secretary of the Commission.

Sincerely,

Matthew L. Dosch
Manager -- Regulatory and
Legislative Affairs

Proposed Definition of "Rural Telephone Company"

Ex Parte Presentation in
General Docket No. 90-314 and ET Docket No. 92-9

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

The Omnibus Budget Reconciliation Act of 1993 (Budget Act) prescribes objectives and considerations specific to small business, rural telephone companies and businesses owned by members of minority groups and women. The Rural Telephone Coalition (RTC), comprised of the National Rural Telecom Association (NRTA), the National Telephone Cooperative Association (NTCA) and the Organization for the Protection and Advancement of Small Telephone Companies (OPASTCO) urges the following definition for "rural telephone company" in applying the Budget Act to PCS:

"A rural telephone company is a local exchange telephone company that
(a) serves a geographic area that does not include either --
 (1) any incorporated place of 10,000 or more, or any part thereof; or
 (2) any territory, incorporated or unincorporated, included in an urbanized area (as defined by the Bureau of the Census as of August 10, 1993 (the date the Budget Act became law); or
(b) provides telephone exchange service by wire to less than 10,000 access lines."

This definition is based on the provision in the Senate version of the Budget Reconciliation bill, which led in conference to the compromise reflected in the Budget Act.
